

Notice of RESCHEDULED Public Meeting
Thursday, March 23rd, 2023, at 11:00 AM
Farmer's Meeting Room in the Pembina County Courthouse
301 Dakota Street W, Cavalier, ND 58220
Pembina County Drain 16 Expansion Analysis
Existing Conditions Drainage and Flooding Review
Pembina County Water Resource District (PCWRD)

The PCWRD will host a public meeting on Thursday, March 23rd, 2023, at 11:00 AM in the Farmer's Meeting Room at the Pembina County Courthouse (301 Dakota Street W, Cavalier, ND 58220). The PCWRD has initiated a study to develop alternatives to address flooding in the Pembina County Drain 16 watershed and surrounding areas. The initial phase of the study is to review the existing drainage and flooding in the area. Public input during the initial phase will ensure that the existing conditions are accurately represented, and that the alternatives developed will address flooding and drainage concerns in the project area. Alternatives to address drainage and flood concerns will be developed after existing drainage and flooding characteristics are verified.

The purpose of the meeting is to solicit input on the existing drainage and flood characteristics in the project area. A review of the existing conditions hydraulic modeling completed to date for the Pembina County Drain 16 system will be provided. After the presentation, attendees will be requested to provide comments on their observed drainage and flood concerns in the project area as it compares to the presented information. The goal of the meeting is to ensure accuracy when depicting existing drainage and flooding. Comments may be made verbally at the meeting or via comment sheets that will be made available to those in attendance at the meeting. For those unable to attend the meeting, the comment sheet will be made available, along with presentation material from the meeting, on the PCWRD web page following the public meeting.

Comment forms will also be available from the PCWRD office at the address listed below. Comments forms will be accepted for all forms postmarked on or before April 24th, 2023. Completed comment forms can be mailed to the PCWRD office at:
