Health Tracks

**North Dakota's
Early and
periodic
Screening,
Diagnosis, and
Treatment
(ESPSDT)
Program**

Healthy children
right from the start!

What is Health Tracks?

Health Tracks is a FREE program for children ages 0-21 years on North Dakota Medical Assistance*.

Health Tracks is a preventive health check-up to discuss health concerns and available community resources.

All families enrolled in ND Medical Assistance are **STRONGLY ENCOURAGED** to participate in a Health Tracks screening at least annually. *with no recipient liability

What is included in a Health Tracks screening?
